<b>Description</b>			
<p>1. In pending orders, add Order split option in actions.</p> <p>2. order should be split in following scenarios.</p> <p>-- Split order w.r.t product type. e.g. if one order has 1 furniture product and 1 foam product. split them in two orders. if one order has 1 furniture, 1 foam, 1 accessories then split them in 3 orders. After splitting location will be auto assigned to these splits order (if does not lie in any location category then it will be manual location assignment).</p> <p>-- orders with same type product cannot be canceled. if user tries to split such orders system should prompt "Order splitting is not allowed on this order."</p>
